

Agenda

2 Seas Workshop in Plymouth

23/06/2017

I. Context

This project workshop seeks to raise awareness of the €241 million Interreg 2 Seas Programme (2014-20) and encourage more successful applications for Call 5 which opens in August this year. This will be one of the last opportunities to submit your project idea for this programme period.

The workshop will cover the range of themes that the 2 Seas programme funds, how to develop a successful project and hints and tips on what makes a good application. We will also provide advice and support on how to find project partners from other member states. If you have an idea for a project that will deliver a real impact in your area for businesses or residents and if you are interested in working with partners from Northern France, Flanders in Belgium, the western Netherlands and other parts of Southern and Eastern England on the same topic this workshop will give you all the information and tools to get started.
