

Kent and Medway Interreg Roadshow 2017

5th MAY 2017, COUNTY HALL, MAIDSTONE
SAVE THE DATE (detailed programme to follow)

- *Do you have an idea for a project that will deliver a real impact in Kent and Medway for businesses or residents?*
- *Could it make Kent and Medway more innovative, resource efficient, greener or inclusive?*
- *Could you work with partners in France, Belgium or the Netherlands if they have the same goals for their areas?*

Interested? Come to our Kent & Medway roadshow on 5th May and

- Learn about the Interreg programmes and what they will fund
- Hear from the programme what you have to do apply for funds
- Learn what a successful project application looks like
- Share your project idea and find new partners

When: 5th May, 2017 from 10am to 12:30pm

Where: Darent Room, County Hall, Maidstone Kent

The EU's Interreg programmes are looking for project applications in 2017 that will:

- Improve the factors that help innovation flourish in Kent and Medway's economy
- Help businesses bring innovations closer to the market
- Develop socially innovative approaches to tackling challenges such as demographic change, poverty and labour market exclusion
- roll out low carbon technologies or make businesses more resource efficient
- embed the principles of a circular economy in Kent
- Help Kent and Medway adapt better to climate change

The UK's decision to leave the European Union does not prevent you from applying: The government will support projects that pass the programme's evaluation as long as they offer value for money and are in line with national policies.

You can get help to develop your project: Interreg has an international team of project facilitators to guide you and KCC can provide advice and support in Kent and Brussels.
