# How to measure the results

**Andrea Gramillano (t33)**
Coordinator of the evaluation team

Mid-Term Event, Ghent, 25th – 26th April 2019

# How to measure the results and why

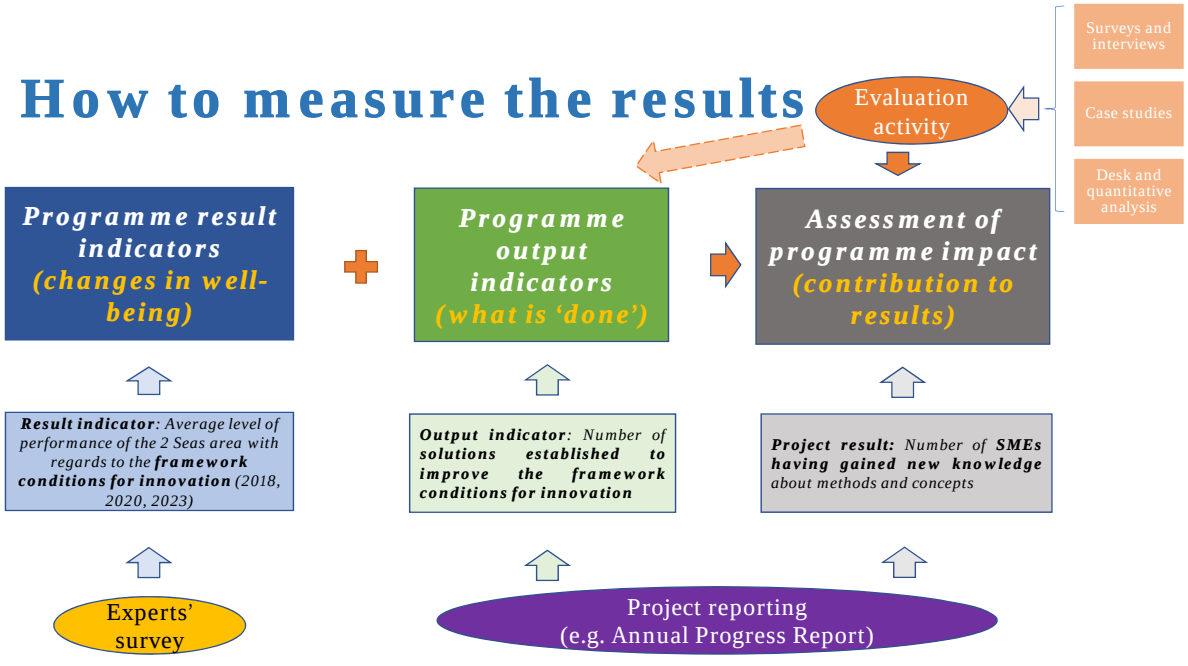
*…**measuring the results***

1. *is required by the regulatory framework, **but more important…***

2. *ensures the necessary **accountability** to programme stakeholders and European citizens*

47

# How to measure the results

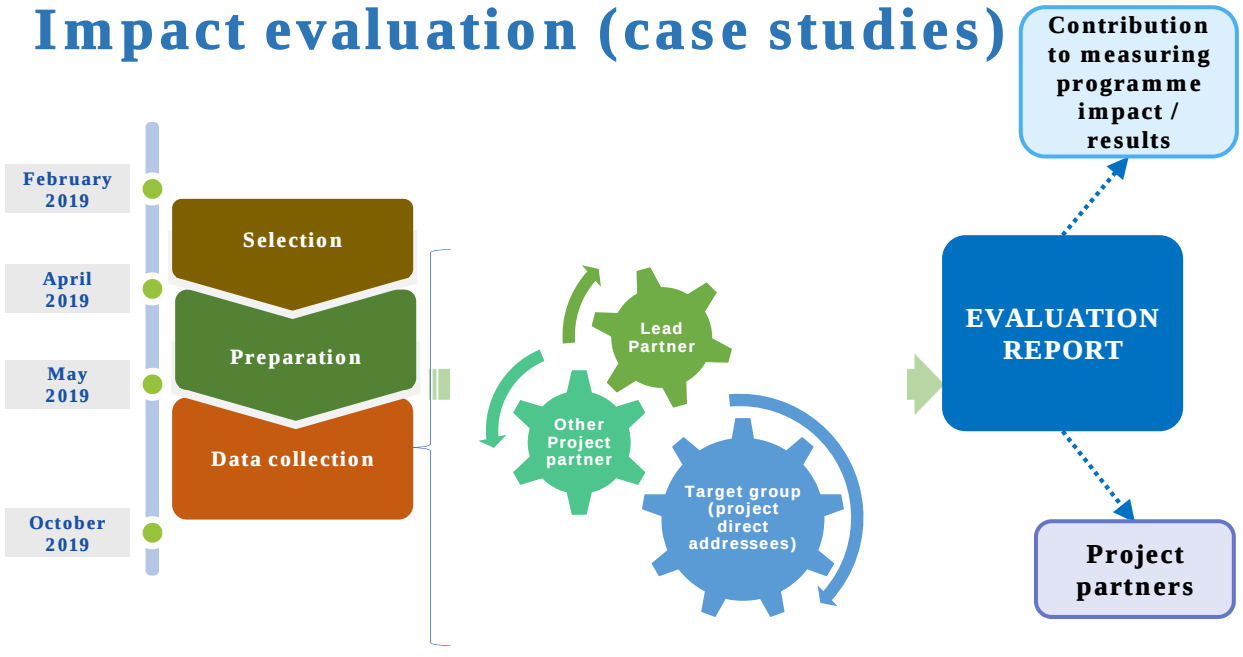


48

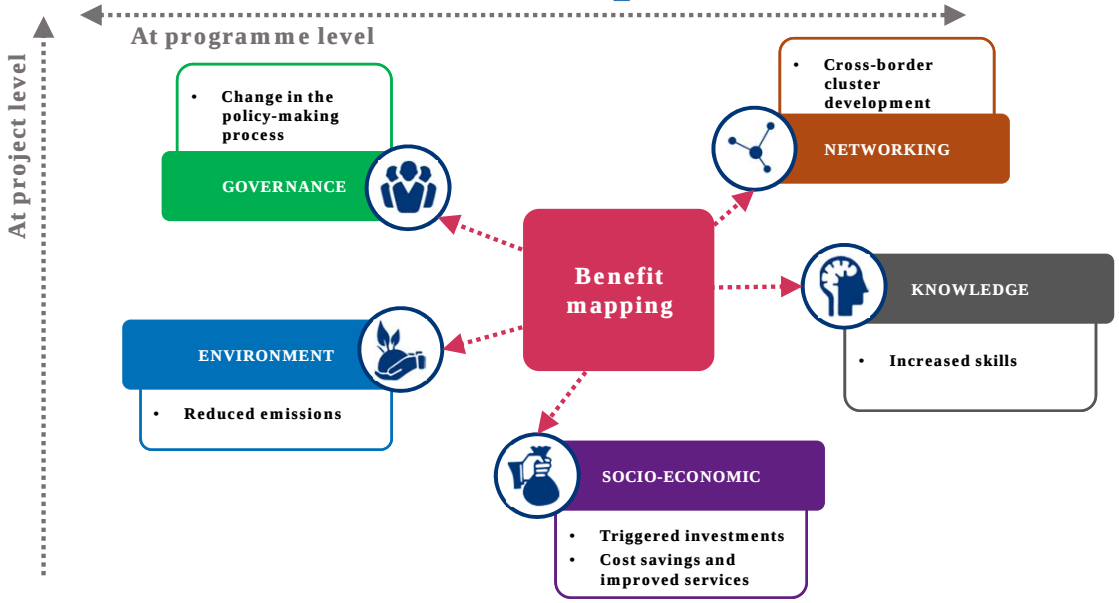
## Impact evaluation

- To what extent has the programme **contributed to the change**?
- What is the **durability** of programme outputs and results?
- To what extent have the project outputs been **adopted beyond the project partnership**?
- What is the **cross-border added value**?
- What is the **capacity of the programme to address the main needs of the territories** ?

## Impact evaluation (case studies)



# Illustration of the impact



# *Thank you!*
