ISE PROJECT SAVE THE DATE

21 APRIL
12.30 -16.00

CANTERBURY, KENT
ENGLAND

Interreg 
2 Seas Mers Zeeën
ISE
European Regional Development Fund

Dear Colleague,

The ISE project partners would like to invite you to our closing event in Canterbury, Kent.
This EU funded Interreg project is coming to an end and we'd love to share the results of the project with you and discuss next steps.

ISE has enabled small businesses from Kent, Hauts-de-France, East & West Flanders and the SW of the Netherlands to connect to each other over the last 3 years and has supported them with innovation and internationalisation. We've offered 1-2-1 diagnostics, workshops, cross border event programmes for companies and have worked to kick start several sector-focused cross-border clusters.

Further details will follow but please save the date!

We look forward to seeing you in April.
