

## First Level Control

Different systems are in place in the 2 Seas Programme regarding the implementation of First Level Control.

The procedures to hire a First Level Controller (FLC) and make him/her be approved by the Central Approval Bodies are different depending on the Member State where the partner is located.

The table below gives you some basic information per Member State:

Member State	FLC system in place	Procedure to follow at beneficiary level	Who to contact	
Belgium 	Centralised	No tendering procedure to implement. All Flemish beneficiaries must have their expenditure controlled by a unique Control Unit based in the Province of West-Flanders. France 	Decentralised (short list)	6 FLC organizations are part of the shortlist. Each French beneficiary is to request a quote from each of these organizations. A vademecum has been developed by the French National Authority to provide further guidance on: <ul style="list-style-type: none"> <li>- the FLC selection</li> <li>- the approval process</li> </ul>	REGION Hauts de France, Direction Europe 151 Boulevard Hoover 59555 LILLE CEDEX FRANCE	☎ +33 (0) 3 74 27 40 39 ✉ <a href="mailto:isabelle.ragentele@hautsdefrance.fr">isabelle.ragentele@hautsdefrance.fr</a> Ms Isabelle Ragentele

Member State	FLC system in place	Procedure to follow at beneficiary level	Who to contact	
England 	Decentralised	English beneficiaries should select their FLC following their own public procurement policy. In the absence of any procurement policy, such as in the private or the third sector, beneficiaries should obtain at least three written quotes and select the one which represents good value for money.
