Share your ideas in the Cooperation Corner

Interreg 2 Seas has recently launched its new Programme website featuring a [Cooperation Corner](#) where ideas can find partners and organisations can show interest in ideas.

Participating is easy! Visit www.interreg2seas.eu, create an account and submit your project idea or interested organisation to the Cooperation Corner. You will receive notifications when an organisation is interested in your idea or if another idea matches your organisation's interest.

Don't hesitate to ask [a facilitator in your region](#) to assist you.
