 FWVL / VL-NL
 (which
 programmes
 are involved
 with which
 Programme S.O.)

Priority 4

A a more social and inclusive Europe

Enhancing the effectiveness of labour markets and access to quality employment

Ensuring equal access to health care and fostering resilience of health systems

1.1
 Enhancing the effectiveness and
 inclusiveness of labour markets
 and access to quality employment
 through developing social
 infrastructure and promoting
 social economy

4.5
 Ensuring equal access to health care
 and fostering resilience of health systems,
 including primary care, and promoting
 the transition from institutional to
 family-and-community-based care

This workshop will aim at matching 2 Seas projects from S.O. 1.3: Increase the development of social innovation applications to make more efficient and effective local services to address key societal challenges with the 2021-2027 Interreg programmes specific objectives.

This workshop will aim at matching 2 Seas projects from S.O. 1.3: Increase the development of social innovation applications to make more efficient and effective local services to address key societal challenges with the 2021-2027 Interreg programmes specific objectives.

The 2 Seas Programme funded projects focusing on employment in numerous contexts such as childcare, inclusion of migrants, NEETS etc..

The 2 Seas Programme has funded projects on the topic of inclusion and health with multiple types of target groups: the elderly, people suffering from dementia or diabetes and their informal carers.

The previous project energiser workshops on social innovation & employment gives already some concrete examples.

The previous project energiser workshops on healthy ageing gives already some concrete examples.

Andrea GRAMILLANO

Priority 1

A more competitive
and smarter Europe

Developing and
enhancing research
and innovation

1.1
Developing and enhancing research
and innovation capacities and the
uptake of advanced technologies

1.4
Developing skills for smart
specialisation, industrial transition
and entrepreneurship

This workshop will aim at matching 2 Seas projects from S.O. 1.1: Improve the framework conditions for the delivery of innovation and S.O. 1.2: Increase the delivery of technological information in smart specialisation sectors with the 2021-2027 Interreg programmes specific objectives.

The 2 Seas Programme has funded projects dealing with innovation in the sectors of health, ports, silver economy, agriculture or 3D printing.

The previous project energiser workshops on technological innovation & agriculture and technological innovation & health care give already some concrete examples.

Sarah HOLSEN
Interreg North Sea Region
Programme and Project Coordinator

NWE: Alexandre COLOMBANI
NSR: Katerina KRING & Hans WEVERS
FWVL: Sandra VANDEWIELE
VL-NL: Jorre VAN DAMME

JS: Catherine Ramampy &
Nicolas Meulebrouck
TF: Caroline Daessle (FR)

**NWE, NSR, FWVL
and VL-NL**

Priority 2

A greener, low carbon transitioning towards a net
zero carbon economy

Promoting energy
efficiency and
renewable energy

2.1
Promoting energy efficiency and reducing
greenhouse gas emissions

2.2
Promoting renewable energy

2.3
Promoting smart energy systems, storage and grids

This workshop will aim at matching projects from 2 Seas projects from S.O. 2.1: Increase the adaption of low carbon technologies with the 2021-2027 Interreg programmes specific objectives.

The 2 Seas Programme has funded projects which contributed to significantly reduce greenhouse gas emissions in various sectors: public and private buildings including residential area, ports or smart lighting.

The previous project energiser workshop on energy efficiency gives already some concrete examples.

Mathieu MORI
Interreg North-West Europe
Programme Director

NWE: Matthias VERHEGGE
NSR: Jesper JÖNSSON
VL-NL: Tjeerd VAN LOOSBROEK

JS: Steeve Degroote
TF: Matthias Verhegge (BE/VL)

**NWE, NSR
and VL-NL**

Promoting climate change
adaptation

2.4
Promoting climate change adaptation and
disaster risk prevention, resilience taking
into account ecosystem-based approaches

This workshop will aim at matching 2 Seas projects from S.O. 3.1: Improve the eco-system based capacity to climate change and its associated water-related effects with the 2021-2027 Interreg programmes specific objectives.

The 2 Seas Programme has funded projects with the objective to assess and mitigate the effects of climate change in cities and the environment via investments in infrastructures as well as softer measures.

The previous project energiser workshops on climate resilient cities and ecosystem resilience to climate change give already some concrete examples.

Tako POPMA

VL-NL: Eef Marije KROL

JS: Gaetano Scarallo & Fayçal Ramdane
TF: Maxime Huysentruyt (BE/VL)

**NWE, NSR, FWVL
and VL-NL**

Promoting the transition
to a circular and resource
efficient economy

2.6
Promoting the transition to a circular
and resource efficient economy

(For the France-Wallonie-Vlaanderen
programme, the notion of circular economy
can be found in the S.O. 2.7)

This workshop will aim at matching 2 Seas projects from S.O. 4.1: Increase the adaptation of new solutions for a more efficient use of natural resources and materials and from S.O. 4.2: Increase the adaptation of new circular economy solutions with the 2021-2027 Interreg programmes specific objectives.

The 2 Seas Programme has funded projects focusing on resource efficiency, be it in fishing, fresh water and sediments as well as projects on circular economy, in fields such as food waste, plastic waste, horticulture, wastewater or tourism.

The previous energiser workshop on circular economy gives already some concrete examples.
